

CLAY PRICES 2025

Georgies Clays can be combined to reach quantity prices!

**ALL PRICES ARE
SUBJECT TO CHANGE
WITHOUT NOTICE**

Our clays are made right here in our Portland plant with the best raw materials from all over the country, with careful attention to quality, detail, and the needs of Northwest clay artists. We make over 30 clay blends with different textures, colors, and firing ranges (from lowfire earthenware to high-fire porcelain). One is sure to meet your needs!

*** Our most popular clays because they work for nearly everything!**

Disclaimer of Warranties:

The following is made in lieu of all warranties expressed or implied: Georgie's only obligation shall be to replace such quantity of product proved to be defective by standard and accepted test methods used by the ceramic industry. Georgie's shall not be liable for any injury, loss or damage, direct or consequential, arising out of the use or the inability to use the product. There is no warranty for merchantability or fitness for purpose of the product. Before using, user shall determine the suitability of the product for his or her intended use. User assumes all risk and liability whatsoever in connection therewith.

DRY CLAYS - The dry clays on this page are made with the same blend of raw materials as our moist pugged clays; we just haven't added the water. The materials have been thoroughly mixed together and bagged into 50-pound units. Mixing your own clay from start to finish has both benefits and drawbacks. It gives you better control of the consistency and ingredients in your clay, but generally requires a substantial investment in equipment. Mixing your own clay can also provide you with a way to re-use and recycle scraps from production, but imposes a cost in storage and work space. If you're interested in this process, we'd be happy to provide you with more information. Please feel free to call or email us!
