Inspired by the seed pods Christy Runyan made some years back, employees at the Georgie's Portland store made their own versions to show off a selection of cone 6 clay bodies and glaze combinations. Fourteen of our cone 6 clay bodies were selected and two pods were made of each type. Glazes and glaze combinations were thoughtfully chosen to show a wide variety of outcomes one can achieve using Georgie's brand products. Everyone has the opportunity to express their own unique style and discover new and exciting results through experimentation ... as Christy says, "be the flame!"
