 and designer hues!

PG601 Perfect White •

Glossy and opaque. A stable white glaze to use as a base, a liner or an overlap with other glazes.

PG602 Incredible Black •

Glossy and opaque mottled black with a wide range of uses. By itself, the blue, khaki and warm brown breaking hues bounce from a black field. Creates unique combinations with most glazes in our line.

PG607 Nassau Blue •

Glossy and opaque mottled blue. Medium-to-light blue that offers great interest by itself or plays well with others.

PG608 Cobalt Blue •

Glossy and semi-opaque. A bright, true cobalt blue with hints of mottling when applied thicker.

PG614 Grass Green •

Glossy and semi-transparent. One of our most popular, this one mottles green (where thin) to icy deep blues.

PG615 Celadon Green •

Glossy, semi-transparent, warm blue-grey-green that rewards your artistry with the richness of a true celadon. Offers a mottled light blue fleck where thicker or in dimensional areas.

PG616 Buckwheat •

Glossy and opaque, and fun by itself or in combination. Warm cream color with breaking tones that border on purplish. Edges break to golden tones.

PG617 Fiesta Yellow

Gloss and opaque. The sunniest of yellows, Fiesta Yellow satisfies that 'primal' color desire for a true repeatable yellow.
