

## MAYCO CRACKLE

Formulated to create patterns of cracks (similar to crazing) at cone 06, Crackle Glazes result in a unique antique look when using India Ink (*images at right*), acrylic paint, or a mineral-spirit-based woodstain. Apply a coat of the desired color to the fired piece and wipe off with a soft cloth. Crackle glazes are nontoxic, but NOT safe for food or drink containers because of their cracked surface. See page 16 for India Ink.

CC108 in **RED** bears a CL Certified Health Caution Label.

## MAYCO POTTERY CASCADES

These glazes produce special effects when used with other glazes. PC602 White blends pure white with your glaze. PC601 Clear produces a flowing effect and allows the color of the base glaze to show through.

| When you buy ... | 1-5 @  | 6-11 @ | 12+ @  |

Snowfall

## MAYCO SNOW GEMS

A dimensional glaze that creates a white, textured surface with colored crystals. This non-moving glaze is applied with either a brush or palette knife to create various textural effects and accents. The firing range is from cone 06 - cone 10. Not recommended for dinnerware - decorative use only.

| When you buy ...                  | 1-5 @   | 6-11 @  | 12+ @   |

## COBBLESTONE GLAZES

SG201 Black and SG202 White are textural glazes that make raised irregular chip-like textures when applied over any glaze before the glaze firing. Heavier application leads to larger chip sizes. Not Food Safe!

| When you buy ...                   | 1-5 @   | 6-11 @  | 12+ @   |
|------------------------------------|---------|---------|---------|
| SG201 or SG202 ..... 4oz .....     | \$5.45  | \$4.36  | \$4.09  |
| SG201P or SG202P ..... Pints ..... | \$15.75 | \$12.60 | \$11.81 |

## WESTERN LUSTER OVERGLAZES

Clean the surface of your glazed finished ware thoroughly. Alcohol is recommended to remove all hand oils or other contaminants from the glazes surface. Apply one coat to finished, glazed ware. Allow to dry, and fire to cone 016-015. Clean brush with mineral spirits. Use Gold pens on page 79 to apply lusters.

## SPECTRUM METALLIC - pints for \$33.50 ea

These cone 05 glazes are lead-free, but contain other heavy metals that may leach from surfaces and should NOT be used on food or drink containers. They should NOT be used by women who are pregnant or contemplating pregnancy. Keep out of the reach of children. These glazes may vary in appearance depending on usage, firing cycle, glaze application, and clay body. Always test your glazes with your clay body.
